## Gen. Marshall Prepares For Diplomatic Post In China

### American Officials In China Conference

(BULLETIN)  
CHUNGKING, Nov. 28.—(INS)—American leading military and naval officers arrived today in Chungking and immediately plunged into consultations with Generalissimo Chiang Kai-Shek.

Lieut. Gen. Albert C. Wedemeyer, army commander of U. S. forces in China, and Vice Adm. Daniel E. Barbey, head of the U. S. Seventh Fleet, came to Chungking as interest centered upon the sudden change in American envoys to the capital.

Wedemeyer's arrival came shortly after an official Chinese government spokesman expressed regret

### PA NEW OBSERVES

Will Donley of Gardner Stop on his way to work about 7 o'clock Saturday morning, saw two deer in Cascade Park, near the East Washington street entrance.

A large gas-filled balloon released at Grove City on Thanksgiving Day by Mary Jo Kaufman, 414 Summit street, Grove City, was found in Quebec, Canada, at 7:30 a. m. the next day, according to a letter received by Miss Kaufman from A. Conineau of St. Andrews East, Quebec.

To prove his discovery, the finder returned a note Mary Jo had attached to the balloon, reading: "Drop a line to 414 Summit street, Grove City, Pa., telling me where you found it."

Disorder in the house was responsible for 18 per cent of the home accidents studied by the National Safety Council during the past year, it is reported.

The visit by the man with the white whiskers can't be too far off, judging by the increasing display of Yuletide decorations about the town.

Kenneth Cotton, superintendent of lines, Pennsylvania Power company, shot a big bear at 10 a. m. Monday in Sheffield vicinity, Warren county. He brought down the bear, which weighed 350 pounds, in one shot. The bear is on display at a market on the Public Square. The bear shot by James M. Ryder, 119 East street, about the same time, was killed on a ridge next to where Cotton shot his.

Thermometer on the Public Square registering progress in the sales of Victory Bonds to individuals in Lawrence county has been boosted another notch. It now records \$1,200,000. The goal in individual sales is a little beyond \$2,000,000. Buy another bond and give the mercury a boost before the end of the week.

State game commission, on reports from 95.9 per cent of last year's 607,338 licensed hunters, has computed the total 1944 Pennsylvania hunting season kill at 4,492,240 animals and birds with a total weight of 5,956 tons.

Times do change. One year ago, Lawrence county farmers were inconvenienced by a shortage of water, due to a dry fall. The opposite is the case this fall, and the ground is now well saturated because of an excess of rain and snowfall.

### Monument Visitors Reminded Of Bonds

WASHINGTON, Nov. 28.—(INS)—The treasury department has assured itself of at least one "fool-proof" bond salesman.

Passengers traveling up the Washington monument these days hear a Victory loan message most of the way up the 555-foot obelisk.

It's played on a loudspeaker system installed in the elevator.

Yes, they hear about bonds on the way down, too.

### Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 46.  
Minimum temperature, 38.  
Precipitation, 15.  
River stage, 67 feet.

Statistics for the same date a year ago follow:

Maximum temperature, 58.  
Minimum temperature, 38.

### Picket Lines Are Tightened At G. M. Plants

DETROIT, Nov. 28.—(INS)—Picket lines continued today around struck General Motors corporation plants amid indications that Federal conciliation efforts had bogged down.

GM plants not closed by the United Automobile Workers, CIO, walkout were reduced to four and the number idled topped 250,000.

Tension at the strike-bound plants in Flint and Saginaw increased as picket lines tightened. William H. Doerflinger, manager of the GM steering division in Saginaw, reported to police that bricks were thrown through windows in his home last night.

Conference Effort Fails  
Pickets at both the Saginaw and Flint plants refused entry to all except a few essential maintenance workers.

Federal attempts to get corporation and union representatives together in Washington apparently failed as GM President C. E. Wilson

### Parley's Success Seems Doubtful

### National Labor-Management Peace Parley Is Nearing Final Sessions

WASHINGTON, Nov. 28.—(INS)—The National Labor-Management peace parley approached its finale today in an atmosphere of widespread industrial strife and an undercurrent of gloom about the parley's success.

As the 72 delegates and alternates prepared for a plenary session tomorrow, their first in three weeks, it appeared doubtful that the parley will agree on the two basic issues in the present critical labor situation.

Fundamental Points  
These fundamental points are the demand of labor for substantially higher wages and the need for machinery to settle disputes when collective bargaining fails.

On other proposals for minimizing labor-management conflict, indications are that four of the conference's six working sub-committees may submit "split" reports in which the union and business delegates sharply disagree.

Some government officials believe that President Truman should intervene and have a word in the past week. At present, however, the White House seems unlikely to abandon the "hands off" attitude which the delegates themselves originally requested.

### Veterans Favor Youth Training

WILLIAMSPORT, Pa., Nov. 28.—(INS)—Legislation proposing compulsory military training for the nation's youth was supported today by the Pennsylvania Department of Veterans.

State commander N. W. McCloskey, of York, said the department's 120,000 members were in accord with "the campaign to provide peace insurance through compulsory military training."

He said as an alternate to one year of continuous training, the National VFW had proposed a period of service extending over a period of a few years "in the national guard, marine or naval reserve that would leave the trainee in his community with his family, to continue his education or remain on his job."

### President Has Long Conference With Marshall

### Secretary Of State Byrnes Also Takes Part In Session With Ambassador

### GEN. MARSHALL GOES TO CHINA SHORTLY

WASHINGTON, Nov. 28.—(INS)—President Truman held an hour's conference today with Gen. George C. Marshall, his new ambassador to China, and Secretary of State James F. Byrnes.

No official announcement of their deliberations was made. The White House said, however, that the conference was at 3:30 p. m. EST and that there will be possible further discussions tomorrow.

"Gen. Marshall will leave for his new post in China as quickly as possible," Secretary Charles G. Ross said.

No official announcement of their deliberations was made. The White House said, however, that the conference was at 3:30 p. m. EST and that there will be possible further discussions tomorrow.

GEN. GEO. C. MARSHALL

Both Marshall and Byrnes made no statement as they left the White House through a side entrance.

No Surprise  
President Truman's selection of Gen. George C. Marshall to be ambassador to China succeeding Maj. Gen. Patrick Hurley was no surprise to official Washington.

### Churchill Opens Virtual 'War' Upon British Socialists

LONDON, Nov. 28.—(INS)—Winston Churchill today virtually "declared war" on all British Socialists and warned the nation that "Socialist theories can destroy Britain more surely than U-boats or any form of warfare."

Speaking at a conference of the conservative central council, the great British wartime leader characterized the recent general election which deposed him as "one of the greatest disasters which has smitten this country in its long and chequered history."

Churchill bitterly attacked Aneurin Bevan and Sir Stafford Cripps, Bevan is minister of health and Cripps president of the Board of Trade in Prime Minister Clement Attlee's government.

He referred to Cripps as a "great advocate of strength through misery."

"I prefer strength through victory," the former prime minister declared.

London evening newspapers featured Churchill's speech as a declaration of war on the Socialists.

### REPORT 774 CASES OF POLIO IN STATE

HARRISBURG, Nov. 28.—(INS)—A spokesman for the state health department reported today that 774 Pennsylvanians have been stricken with infantile paralysis since January 1.

He said that up to the same date last year, 1429 persons had been afflicted with the disease.

### We Must Keep Our Promises

WASHINGTON, Nov. 28.—(INS)—Clarence Francis, chairman of the board, General Foods Corp., says this about Victory bonds:

"All of us as citizens have positive victory bonds. Being good practical Americans, we like to plan for our own future, for the future of our families, and the education of our children. Then too we bought war bonds to send millions of our men overseas. It costs just as much to bring them back. We have made promises to these men and women. These promises we intend to keep. Buy Victory bonds. They pay off."

### Intervention In Motors Strike Is Not Indicated

### Union Leaders To Confer With U. S. Conciliation Director This After- noon

### G. M. OFFICIALS NOT TO ATTEND

WASHINGTON, Nov. 28.—(INS)—Edgar L. Warren, director of the U. S. conciliation service, is scheduled to hold a conference at 3 p. m. EST today with union leaders in the General Motors strike while company representatives thus far have declined an invitation to come to Washington.

Walter B. Reuther, CIO-EAW vice president and director of the union's General Motors activities, was expected in the capital along with some of his top aides.

A labor department spokesman said Secretary Shwellensbach might "look in" on the meeting between Warren and Reuther.

No Intervention Seen  
The spokesman added that an invitation to C. E. Wilson, General Motors president, to come to Washington for exploratory talks on the auto work stoppage still stood. Appearances before the conciliators in Washington on the part of the union and GM officials are purely voluntary.

The GM strike problem thus far is in the hands of Shwellensbach.

### Death Sentence Given Traitor

LONDON, Nov. 28.—(INS)—Eighty minutes after John Amery pleaded guilty today to charges of treason, the son of a former British secretary of state for India was sentenced to death.

Amery, accused on eight counts of collaboration with the Nazis, pleaded guilty on all counts.

Sir Hartley Shawcross, British war crimes prosecutor, was flown from Nuremberg to conduct the Crown case against Amery.

## THE BULLIES OF BATAAN

By Captain Joseph E. Ginsberg, Med. Corps, USA.  
As told to Bart Richards, of The News Staff.

### CHAPTER THREE

"We were to learn that the Japs are sadists, arrogant cowards, for men, who like the village bully, were not satisfied with defeating an opponent but wanted to kick his teeth out also. We found them to be bullies and the title 'Bullies of Bataan' fits them."

"For those Americans removed 12,000 miles from Bataan, who want a soft peace for Japan I can only wish they could have undergone what our men underwent in the succeeding months. Ask a veteran of Bataan what treatment he would accord the Japs and you may get some idea of what we thought of them."

The Jap fighting man has the morals and the decency of a coyote. Honor is a word they never knew and compassion is entirely beyond their ken. The smiling, courteous, self-effacing individual we had built up in our minds as Mr. Moto, just doesn't exist. The Jap on Bataan was a uniformed

### Expect Congress Will Investigate Hurley's Charges

### Resigned Ambassador To China Protests Work Of Professional Diplomats

### GEN. MARSHALL IS NAMED SUCCESSOR

WASHINGTON, Nov. 28.—(INS)—A congressional investigation of American diplomacy appeared certain today after Ambassador to China, Patrick J. Hurley, resigned in protest against professional diplomats whom he charged were driving the U. S. into another World War.

Hurley threw a near-atomic bomb into the already seething maelstrom of diplomacy when he announced that he was quitting his intricately burdened Chungking post because he could not endure the duplicity of minor foreign service officers.

The envoy's suddenly-vacated post was given at once to Gen. George C. Marshall, recalled from a one-day retirement to fulfill a "special mission" in Chungking. Marshall was expected to be given the task of restoring order between the Nationalist troops of Generalissimo Chiang Kai-Shek and the powerful North Communist forces.

Hurley's sensational outburst immediately brought Capitol Hill demands for an inquiry. Sens. Wherry of Neb. Republican whip, and Hawkes (R) N. J., called for a Senate probe. They insisted that Hurley be invited to tell his story to the Senate Foreign Relations committee.

### Disorders In Japanese Diet

### Premier Shidehara Boomed For Assertively Evading War Guilt Questions

TOKYO, Nov. 28.—(INS)—The Japanese Diet was the scene of unprecedented disorders today when Premier Baron Kijuro Shidehara was booed for assertively evading questions on the war guilt of Japanese political and military leaders.

To Kato Sokei, progressive party leader in the house of representatives, took the lead in questioning Shidehara and berated two former premiers—Hideki Tojo and Prince Fumimaro Konoye.

Saito charged Shidehara with

PHILADELPHIA, Nov. 28.—(INS)—The State War Finance committee announced today that E Bond sales soared to \$55,900,000, or 38.8 per cent of Pennsylvania's \$144 million quota.

Chairman G. Rehnold Rehnmann, Jr., reported the 24-hour increase was \$2,400,000.

Individual sales, including E Bonds, total \$242 million, or 80 per cent of the state's \$299 million quota. The total 24-hour increase was six million dollars.

## THE BULLIES OF BATAAN

By Captain Joseph E. Ginsberg, Med. Corps, USA.  
As told to Bart Richards, of The News Staff.

Capt. Ginsberg and blazing courage will stand forever in American history in letters of gold.

This is the story of Bataan, the infamous Death March and the life in prison camps for 3 1/2 years following the surrender in April, 1942. It is the story of American lads, a number of them from Lawrence County who were immobilized in prison for most of World War Two but whose heroism

a chance to be compassionate to sick and dying Americans, when he had a chance to prove he was a man. The Jap missed all of them.

The Death March  
"I do not claim to be able to properly describe the Death March of Bataan. I doubt if any one ever will. Those of us who escaped this hell on earth have too much bitterness in our hearts to deliberate it properly. Those who weren't there will never know the full truth."

"I still wonder how some of those men came through an overpowering will to live and the mercy of a Divine Providence brought them thru a human body is not constituted to take such punishment and come through it. But many of them did."

"Prior to our surrender General King ordered all equipment destroyed. There wasn't much but we

### Medical Commission Says Hess Not Insane

BULLETIN  
NUERNBERG, Germany, Nov. 28.—(INS)—Rudolf Hess's attorney declared today that his client is reconciled to a war crimes trial verdict calling for his execution.

Defense Counsel Von Rohrscheidt said Hess, who this morning was adjudged "not insane in the strict sense of the word," is disinterested in the trial of 22 high-ranking Nazis accused of war crimes.

Hess is said to be convinced that all defendants will be condemned anyway.

### Two Others On American War Trials Staff Also Withdraw From Case

### ACTION PROTEST ON TRIAL PLANS (BULLETIN)

NUERNBERG, Nov. 28.—(INS)—Maj. Gen. William J. Donovan withdrew today from the staff of American prosecutors at the trial of Nazi war criminals.

Gen. Donovan resigned as an associate counsel in the office of the chief counsel after disagreement with the staff over the presentation of the case against Germany's leading war crimes defendants.

Confirmation that Gen. Donovan had decided to quit his post came after sources close to the general said he was prepared to sever his connections.

Friends of Gen. Donovan said that Justice Robert H. Jackson, chief U. S. prosecutor, had acted to ease the situation by saying that the general had planned to withdraw around December 1.

### Protest On Presentation

His action was a demonstrative protest against the presentation of the American case against the Germans.

He was said to feel the case was badly prepared and presented inefficiently.

Gen. Donovan constantly had urged presentation of a quick summary.

Will Vote 'Yes' or 'No'  
USWA's International officers warned field directors to look out for unauthorized work stoppages after the voting. They pointed out authority to call a strike rested with the Steelworkers' chief Philip Murray, acting in conjunction with the union's policy committee.

## GEN. GEO. PATTON IN STOCKHOLM

Met By Count Bernadotte In Historic Meeting In More Than One Respect

STOCKHOLM, Nov. 28.—(INS)—Gen. George S. Patton, Jr., arrived in Stockholm today for a belated Thanksgiving Day celebration. He was met on his arrival from Copenhagen by Count Folke Bernadotte, president of the Swedish Red Cross.

It was an historic meeting in more than one respect. To begin with, Count Bernadotte competed against the famous former commander of the United States Third Army in the pentathlon of Olympic Games held in Stockholm back in 1912.

Secondly, Count Bernadotte was the man picked by Heinrich Himmler as a possible go-between in peace negotiations with the Allies just before Germany caved in this spring.

Himmler, who later committed suicide in a British detention camp at Lüneburg, tried to bring about a peace agreement with the United States and Great Britain on the proviso that both Allies then would link up with Germany against Soviet Russia.

of memory, but that it "would not interfere with his comprehension of the proceedings."

They agreed that he deliberately exaggerated his condition. The British report revealed that the deputy fuhrer made several suicide attempts while held in a British mental hospital following his sensational airplane flight which ended on the Scottish estate of the Duke of Hamilton.

**Russian Report**

The Russian report declared: "Prior to his flight to England, Hess was not suffering from any kind of insanity, nor is he now suffering from it. At present he exhibits behavior with signs of a conscious and intentionally simulated character which do not exonerate him from responsibility under the indictment."

The joint Franco-American report declared Hess' hysterical behavior probably would continue "as long as he remains under the threat of imminent punishment . . . and while he will be able to comprehend the proceedings his condition will interfere with his response to questions relating to his past . . ."

the auxiliary and a candidate for department president next year, and Dr. J. A. McKnight of Midland, past Beaver county commander.

Mrs. James N. Speed, president of the Perry S. Gaston post auxiliary, was called upon to introduce Department President Steele of the auxiliary, who outlined the program of the auxiliary.

Dr. Steele spoke about the importance of increased membership in order to carry on the program of rehabilitation, child welfare, Gifts for Yanks, and the special project of the auxiliary, a greenhouse at Valley Forge General hospital, where the men confined in the hospital can get out and work in the ground. This must be built immediately to be of value to present war veterans, but will stand as a memorial to them, and a help to the veterans sent to that hospital in the future.

**Care Of Disabled Stressed**

District Commander A. Lewis Conn of Perry S. Gaston post introduced Department Commander Murray.

Commander Murray stressed the need for increased service to the disabled, the widows and the orphans of the veterans of both wars, and stated that the Pennsylvania department service bureau has recently been increased from 21 to 30 full time paid service officers, who are serving throughout the state.

He praised the auxiliary for its fine assistance in the rehabilitation program, particularly with the sale of poppies to aid the men confined in veterans hospitals, who have no form of remuneration. He stated that \$100,000 worth of supplies were delivered last week to the Aspinwall Veterans Facility which will be made up by the veterans confined there into the poppies which will be sold throughout Pennsylvania next year. The man making these poppies receives one cent each for his work on them, enabling him to buy cigarettes and other necessities, which he might be without if he did not have this little help.

He told of the department's militant policy in seeing that the government provides enough hospitals in Pennsylvania to care for the returning veterans. With between 10 and 11 per cent of the entire armed forces having come from Pennsylvania, he stated that it was his aim to see that a fair percentage of the hospitals to care for the disabled were located in this state, and has been assured that three such hospitals will be erected in western Pennsylvania.

With 1,200,000 veterans from Pennsylvania as potential members he urged the posts to renew their membership efforts in order to bring the Pennsylvania department up to standard. A fine turkey dinner was served those attending, and dancing took place in the ballroom afterwards.

mary against the Nazis but was overruled by Justice Jackson and Francis Biddle, American judge on the four-man international tribunal.

**BY PIERRE J. HUSS** (U. S. Staff Correspondent)

NUERBERG, Nov. 28.—A virtual "palace revolution" broke out among American attorneys prosecuting Nazi Germany's 29 leading war criminals today following a formal verdict that Rudolf Hess is sane and is reconciled to a possible death verdict.

Among those withdrawing from the case were Maj. Gen. William J. Donovan, Col. Howard Brundage and Col. Murray Gurfein. Sources close to Brundage assert he feels that the trial is being conducted in an "un-American way."

Gurfein's assistants claim that originally he was supposed to plead in court but has been constantly refused an opportunity to do so.

Although Sidney Alderman and Ralph Abrecht have been carrying the brunt of the American prosecution, it was charged by several of Gen. Donovan's assistants that they were unacquainted with the material they read in court and thus were unable to present it dramatically.

**Gen. Donovan Dissatisfied**

Sources close to Gen. Donovan claim he has been dissatisfied for days with the way the case was being presented, bemoaning the "uselessness of the present conduct of the trial" and that a "great opportunity to educate the Germans" is being lost.

Col. Brundage reportedly has been replaced by Capt. Kenneth Boyce. In the face of all this excitement, former Supreme Court Justice Robert Jackson, chief American prosecutor, formally announced that Donovan was leaving his staff to return to his law office in New York City.

"Sometime ago Gen. Donovan advised me of his intention to return to private law practice and of his commitment to rejoin his firm by Christmas," the Jackson statement read.

"He plans to take a ten-day tour of various European countries before returning to New York."

Reports from some Jackson assistants ascribe the dramatic withdrawal of Donovan to the fact that the evidence gathered by the office of strategic services, formerly headed by the general is not being used.

## U. S. Reparations Mission Waits Soviet Permit

TOKYO, Nov. 28.—(INS)—Edwin S. Pauley disclosed today that the American reparations mission which he heads is awaiting Russian permission to tour Manchuria and Northern Korea.

Pauley, fresh from a tour of China, said that Soviet permission has been requested through the American State Department but that a reply has been slow in forthcoming.

The Los Angeles oilman declared that he felt that a tour of Korea to study Japanese industries and assets was vital to the investigation of Japan's ability to pay war indemnities.

Pauley stressed again that he doubted Japan's ability to meet regular reparations payments and also reiterated his aim to leave Japan with assets sufficient for only a minimum civilian economy without the means to make war.

(Continued from Page One)

army chief of staff was considered a natural one in the aftermath of Hurley's explosive resignation.

Appointment of the brilliant strategist as the chief executive's personal envoy to the troublesome Chinese scene was regarded in Beijing with the high esteem in which Mr. Truman holds Gen. Marshall. The regard of the Chinese for the five star general is considered in keeping with the president's.

Mr. Truman's appointment of such a dominant world figure to the Chungking post also emphasized that the president is deeply concerned over events in China and the outbreak of the undeclared civil war between Generalissimo Chiang Kai-Shek's forces and the Communists.

The official Chinese attitude toward the appointment was expressed by Dr. Wei Tzu-Ming Chinese ambassador to the United States, who said "we are very fortunate to have General George C. Marshall as special envoy."

The ambassador added that Marshall "is a great soldier and statesman with whom we have worked together so well in war."

## Milk, Fats, Clothes Still Being Shipped To Y.W.'s In Europe

Churches, Groups May Pack Boxes,  
Send Them To National  
Y.W. For Shipment

Far from being filled, needs for clothing and food in Holland and Czechoslovakia are growing, according to a letter from the National Y. W. C. A. War Victims Fund presented to the local Y. W. C. A. board.

Boxes of clothing and bedding have been sent this month to Holland, but additional boxes may still be sent through the local Y. W. C. A. or by individual churches or groups to the National Y. W. C. A., which in turn will send the boxes to those who are in need.

From Prague, where there has already been death from starvation and where tuberculosis is increasing, comes a call for infants garments, sweaters, knitting wools, warm clothes and undergarments, as well as tins, fats, and vitamins. Foods which can be sent are: condensed or dried milk, cocoa, powdered chocolate preparations, malted milk preparations, cooking oils in tins.

Groups making contributions are asked to send their donations in care of Mrs. J. C. Young, in order to help move materials quickly. For example, one carton could contain: 24 cans of condensed milk, 14 tins of cocoa, or 24 one-pound tins of dried whole milk; or 48 cans of evaporated milk, 14 tins of cooking oil, or 12 or 24 tins of cooking oil.

(Continued From Page Four)

we want—or else," and the American Federation of Labor officials say: "That goes for us, too." In Washington, the bureaucrats say about the same thing; particularly, Chester Bowles and his OPA. He proclaims that the administration of his bureau is the only bulwark against inflation and general ruin. All of the master minds of the New Deal and its policy of "planned economy" back up Mr. Bowles.

The politicians in South America are very busy planning one revolution after another. There is no stable government in the two great South American nations—Brazil and Argentina, and the present governments of the rest of the Latin Republics of the Western Hemisphere are very unstable.

Boiled down to the last word, there will not, probably as long as this old world continues in existence, be any such thing as universal peace. May has always been ruled by force. Just now this nation happens to possess a very potent weapon known as the atomic bomb. It is the greatest physical force known at the present time to humans. There is no telling how long it will remain such, but why in the name of all common sense would we knuckle down to demands of Russia and our own pacifists and put the secret of the atomic bomb in the hands of a world government—a government which will use us in the future to gain their own ends for man is preeminently a very selfish creature.

## Lady Nearly Choked While Lying In Bed— Due To Stomach Gas

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs, they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by All Drug Stores, here in New Castle.

### CHEWING GUM

Gum chewing seems to be a popular form of amusement or recreation in this country.

Although it is not supposed to be good manners to chew gum in public, it seems to be a common practice.

The proper disposal of a wad after it has been chewed is quite a problem.

An examination of the under side of dining tables shows where many wads go.

It would seem to be better to use some other means of disposal, especially in public restaurants and lunch counters.

The wad of gum would seem to be a good way to carry infection from one mouth to another by way of the fingers.

A good way would be to wrap it in a piece of paper so that it could be disposed of without being touched by any fingers.

Mrs. Tella Wright, of 306 North Cascade street, has received the bronze star medal awarded her husband, Charles H. Wright, Mo. M. M. 1-c, now stationed in Okinawa.

According to the Magazine, Mo. M. M. Wright, received the award for meritorious achievement on March 29, 1945, as a member of a crew of as close-in fire support ship, during the assault on Okinawa. After his ship was seriously damaged by enemy action and serious fires broke out, he demonstrated outstanding leadership and courage, and with complete disregard for his own safety, made his way through steam-filled compartments and burning areas to stop a fuel oil leak, which was creating a serious fire hazard. He then assisted in jettisoning gasoline and other inflammables and which contributed materially to the service of the ship. His conduct throughout distinguished him among those performing duties of the same character.

### Will Have Roles In Senior Play

January Graduates To Stage 'Clean Sweep' At School Auditorium Friday Night

Barbara Harcar

Mary Brunton

Three important roles in "Clean Sweep", the January graduates' venture in dramatics and profits, will be played by

Lawrence Pitzer, Barbara Ann Harcar and Mary Lou Brunton, all members of the Hazard family whose careers are variously affected by suddenly acquired wealth.

Lawrence Pitzer, how would you believe under the stress of new riches? You will get some hints on the probable answer to that interesting question if you see the snobbery, the inconsistencies of men and women, and the near tragedy of "Clean Sweep".

Larry Pitzer as "Doug" Hazard, the young son of the family, goes in for a big splash and ostentatious display, but redeems the younger generation and his father's testing corporation by a clever invention. "Harkie" has the delightful role of the well-balanced daughter of the household whose common sense and humor turn stalling tragedy into comedy again and again with the role of Laurenda Hazard. "Lu Lu" Brunton has a unique role among the junior comedies: she is the spinster-sister of the family, a hypochondriac, whose imaginary ailments arise from an old unhappy love affair in the Freudian time. She is just the kind of aunt that no aunt should be who lives in the same house with her niece and nephew. This role is going to be hard sledding for Mary Lou.

Lawrence Pitzer is the son of Mr. and Mrs. Jack E. Pitzer of Park avenue. Mary Lou Brunton is the daughter of Mr. and Mrs. Arthur Brunton of Rose avenue. Barbara Ann Harcar is the daughter of Mr. and Mrs. Andrew Harcar of East Leasure avenue.

#### PLAN LAYOUTS NOW FOR SPRING CONTOUR WORK

Since contour strip cropping plans can be initiated at any time, layouts established during the slack fall and winter season will not interfere with the spring work, and will be ready for operation when the spring plowing starts.

Contour strip cropping, advocated as an effective erosion control measure, offers a number of added advantages. Farmers report that contour strips not only help hold the soil in place but give better yields, since they hold extra moisture for the growing season.

Contour strips, which bend around slopes on the "level," also are easier to operate than conventional fields where rows invariably conform to the field layout and in many instances run up and down grade. Contour operations not only require less power, but also are easier on the operator than in up-and-down grade operations.

The start of contour strip operations can be made with least interference in crop rotation at planting time, and for that reason farmers interested in these erosion control practices should establish their layouts at once if they are doing fall plowing or well in advance of their spring work. Detailed information can be secured from the Agricultural Extension Office, No. 206 Post Office Bldg., New Castle.

## Silent Heroes To Be Returned To Native Soil

Return Of Bodies Of American Soldiers To Begin Early In Spring

By FRANCES MUSIC  
(N. S. Staff Correspondent)

WASHINGTON, Nov. 28.—War Department officials revealed Tuesday that preparations have been completed to begin return of the silent heroes of the Second World War for burial in home soil early next spring.

Quartermaster Corps sources said that the sad task of bringing back the bodies of those who died on foreign battlefields will be shouldered as soon as pending legislation is enacted.

A measure directing the secretary of war to prescribe means of shipping to the United States the remains of more than 274,000 servicemen killed overseas appeared certain to be passed by the House on December 10.

Others Are Missing  
Excluded from the estimated number were 26,658 listed as missing, some of whom may be dead.

Cost per body for the entire operation was estimated at between seven and eight hundred dollars. After the First World War, shipment of 46,700 bodies to the United States cost twenty million dollars. The program was not finished until 1921.

Objections by Rep. Cole (R., N. Y.) to phrasing of the bill—not its merits—which was introduced by Rep. Sikes (D., Fla.) postponed its passage yesterday for two weeks. The New Yorker said that he would voice no objection to the legislation when it goes before the

House a second time. Unanimous consent is required.

In outlining the War Department's new program, an army spokesman said that "We are going at the job as fast as possible and the first bodies will be brought home for burial in about four months."

Continuing Process  
He declined to predict how long the operation would take, saying that "It will be a continuing process as in the case of demobilization."

Under the War Department program army teams will start in particular areas—the European theater first—to locate graves of the men; to search for unburied bodies; and to register and identify all of them.

Next of kin of the deceased soldiers, marines and sailors will be contacted for burial directions. There will be four choices: burial in a national cemetery in America; in a family plot; in American cemeteries established overseas; or where the G. I. fell.

It was pointed out that bodies of servicemen will be returned home by request of next-of-kin so long as identification is possible. A large number of experienced morticians assembled will be sent overseas to supervise operations.

## Expects Record Christmas Shipping

Holiday shipping for the first peacetime Christmas in four years promises to exceed pre-war records for volume. Mr. W. H. Leber, agent of the local Railway Express Agency stated today.

Exceptional movement of various holiday gift items to local shops from the major centers of production and distribution have been noted in current express traffic, according to Mr. Leber. This indicates a busy buying period for local establishments from now until Christmas eve.

## Posthumus Bronze Medal Award Is Given Gylitto

Heroism Of Hillville Hero Is Recognized In Bronze Medal Award

Pfc. Carl J. Gylitto, who was killed while fighting in the U. S. Infantry in the Philippines, June 19, 1945, has been awarded the Bronze Star Medal posthumously, having been directly instrumental in the ultimate defeat of a Japanese force before he sacrificed his life for his country, according to a letter received today by Mr. and Mrs. Alex Gylitto, Hillville, from Major General Edward F. Willsell, acting adjutant general. His sister is Mrs. Carolyn Black, secretary to Police Chief Robert Hanna.

The letters follow:  
"For heroic achievement in connection with military operations against the enemy at Luzon, Philippine Islands, on June 19, 1945. During a fierce Japanese tank-infantry assault on an American reconnaissance patrol, Private Gylitto demonstrated outstanding bravery and initiative. When an enemy tank was discovered inside of his patrol perimeter, he dashed 75 yards under intense fire to a position 15 yards from the hostile vehicle. Standing completely exposed, he valiantly launched two rockets destroying the tank and killing five of the enemy. This action was directly instrumental in the ultimate defeat of the Japanese force."  
The decoration will be forwarded to the commanding general, Third Service Command, Baltimore, Md., who will select an officer to make the presentation. The officer selected will communicate with you concerning your wishes about the presentation.  
My deepest sympathy is extended to you in your bereavement."

## Why buy "War" Bonds ...when there isn't any war?

Wait a minute, mister!

Don't be too quick to call it finished!

Sure, the shooting has stopped. But our fighting men still face a long, tough battle... the battle to switch from soldier to civilian, from Seaman 1st class to Citizen 1st class.

They're going to need your support in that struggle just as much, or more, than they did in the actual fighting.

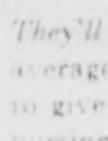

That's why this last Loan, the Victory Drive, is the most important of all!

Here's what your Bonds will do!

They'll bring our forces home. To return our Armed Forces to America will cost hundreds of millions of dollars. How many will the bonds you buy bring home?

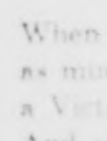

They'll take care of the wounded! On the average it takes about \$150 per month to give one wounded man the care and nursing that he needs. How long will the bonds you buy take care of a casualty?

And Bonds will help them start their lives again. Congress has set \$300 as the base mustering-out pay. The "G.I. Bill of Rights" provides for additional aid in rehabilitation. How many soldiers and sailors and marines will be helped by the Bonds you buy?

You help—and you are helped!

When you figure it out you are helping yourself as much as anyone else. Each dollar you lend in a Victory Bond is building your future security. And you get well paid for lending your money.

\$75 put in E Bonds now, will come back in 10 years as \$100.

Help the men who won our victory... help your government... and help yourself! Buy more Bonds in the Victory Drive!

\* Following the Victory Loan, the sale of E, F, and G U. S. Savings Bonds will continue through regular authorization agencies and through the Payroll Savings Plan.

## Atomic Energy May Aid Battle Against Cancer

PHILADELPHIA, Nov. 28.—(INS)—Scientists saw in atomic energy today a new weapon to combat cancer.

Dr. Igor Grifith, president of the Philadelphia College of Pharmacy and science called for an end to restrictions on the study of the energy declaring it may be utilized successfully to fight the dread disease.

He said much work had been done in connection with the use of atomic energy in the diagnosis and treatment of cancer long before the atomic bomb project.

Dr. Griffith spoke in the 13th annual free cancer forum in Philadelphia, sponsored by the Women's Auxiliary of Lenox Hospital Research Institute, assisted by District No. 1 of the State Nurses Association.

He explained that both radium and X-rays, used against cancer today, make use of atomic energy since they depend on the effect of radioactivity.

## SPEAKERS ADDRESS HADASSAH CHAPTER

New Castle chapter of Hadassah held their regular meeting Tuesday evening in the home of Mrs. J. J. Smith, Euclid avenue, and heard two excellent speakers discuss a timely subject.

Dr. Louis H. Kottler, a discharged lieutenant colonel and well-known psychiatrist of St. Louis, Mo., gave an excellent picture of the life in Palestine today. Dr. Kottler served overseas with the 7th General Hospital, and was able to tour Palestine, thus being qualified to speak on the subject.

In speaking on the Palestine problem, Mrs. Menlove said: "We anticipate that Britain will implement the Balfour Declaration and the mandate. We feel that the solution of the survival of 1,500,000 Jews lies in their entrance to Palestine. This is the only prospect for freedom and survival."

Mrs. Charles Malerson was the program chairman in charge of the program. President Mrs. Abe Cohen opened the meeting and Mrs. Jack Conn led in singing of America. A minute of silent prayer was observed in memory of Mrs. Esther Braunstein, who died last Friday.

### REGISTRATION TO START

Delinquent tax payments have been coming in remarkably well this fall, County Treasurer Frank W. Hill states. The payment of personal property taxes has virtually been liquidated, he states.

At any rate there has been a

great increase in the number of licenses taken out, particularly for the deer hunting season. Already, around 300 non-resident licenses have been issued to out-of-state hunters. Also, a lot of deer are being taken to the deer country to get their hunting permits.

Treasurer Hill plans to keep his office open on Saturday afternoon, to accommodate many of these hunters who will be coming through, and for expense in about 300 non-resident licenses before the cash ends.

### BADGER COMING HOME

According to the latest word received at the sheriff's office, Sheriff Claude D. Badger, S. C. 1 C, should be landing on the Pacific coast most any day now, and is expected to be back at his desk in the near future. The sheriff, it will be recalled, was detained into the past a number of months ago and has been serving on Governor's leave. Most assuredly, his trip had been returned since November 16.
